

# Business and Psychology Organisational Behaviour

*Fourth Edition*

**A Student's Handbook**

**Eugene McKenna**

# Contents

<b>Acknowledgements</b>	<b>xiv</b>	<b>PART II THE INDIVIDUAL</b>	
<b>Preface</b>	<b>xv</b>		
<b>PART I PERSPECTIVES AND ENQUIRY</b>			
<b>1. Historical influences and research methodology</b>	<b>3</b>	<b>2. Personality</b>	<b>27</b>
Learning outcomes	2	Learning outcomes	26
Introduction	4	Definition	28
Nature of psychological perspective	4	Idiographic and nomothetic approaches	28
Different approaches	4	Idiographic approach	28
Nature of organisational behaviour	5	Nomothetic approach	29
Historical perspective	6	Psychoanalytical perspective	29
Scientific management	6	Levels of awareness	29
Classical bureaucracy	7	Structure of personality	30
Principles of organisation	8	Defence mechanisms	31
Early industrial psychology in the UK	8	Personality development	32
Human relations movement	10	Other explanations	33
Neo-human relations	12	Projective tests	35
Systems approach	13	Rorschach Test	35
Contingency approach	13	Thematic Apperception Test	36
Contemporary issues	13	Role playing or visualisation	36
Research methodology	15	Stereotyping	37
Characteristics of the scientific method	16	Trait and type perspectives	38
Techniques and settings	17	Traits	38
Ethical issues	21	Types	40
Framework and issues	22	Personality and consumer behaviour	48
Chapter summary	22	Personality types and accidents	48
Questions	23	Interpersonal perspective	50
Spotlight on relevant reading	23	Self-concept	50
		Personal construct theory	51
		Behavioural perspective	54
		Reinforcement	54
		Imitation	56
		Socialisation	56
		Situational variables	57
		Cognitive perspective	58
		Internal–external locus of control	58

Self-efficacy	60	Social identity perspective	114
Self-monitoring	60	Problems with motivation	116
Sensation-seeking	60	Boredom	116
Field dependency–independency	61	Rest pauses	117
Personality assessment	62	Culture and motivation	117
Chapter summary	63	Job design	118
Questions	64	Job specialisation	118
Spotlight on relevant reading	64	Job rotation	119
		Job enlargement	119
		Job enrichment	119
<b>3. Intelligence and psychological testing</b>	<b>67</b>	The job characteristics model (JCM)	121
Learning outcomes	66	Groups and job design	123
Introduction	68	New technology and job design	125
Models of intelligence	68	Further perspectives on job design	127
Factorial approach	68	Chapter summary	130
Information-processing models	70	Questions	131
Mediating influences: Heredity, age, gender	72	Spotlight on relevant reading	131
Psychological testing	74		
Intelligence tests	74	<b>5. Perception</b>	<b>133</b>
Achievement and aptitude tests	76	Learning outcomes	132
Personality tests	78	Stimulus	134
Chapter summary	86	The senses	136
Questions	87	Vision	136
Spotlight on relevant reading	87	Hearing	140
		Other senses	141
		Kinaesthesia	142
<b>4. Motivation and job design</b>	<b>89</b>	Vestibular	143
Learning outcomes	88	Overview	143
Definition	90	Extra-sensory perception	143
Needs	90	Attention (selective perception)	144
Motives	90	External physical stimuli	144
Drives	90	Absolute and differential thresholds	148
Arousal and emotion	90	Disposition of the perceiver	149
Goals or incentives	91	Perceptual organisation	151
Frustration	92	Ambiguous figures	151
Need theories	92	Figure/background	151
Hierarchy of needs	93	Gestalt laws of organisation	153
ERG theory	95	Constancy	155
Achievement motivation	96	Illusions	156
Dual-factor theory	98	Applications of perceptual organisation	158
Theory X and theory Y	101	Perceptual interpretation	159
Cognitive theories	101	Person perception	160
Goal-setting	102	Misinterpretations	160
Self-efficacy	105	Impression management	163
Expectancy theory	107	Attribution theory	164
Equity theory	110		
Integration of motivation theories	112		
Control theory of motivation	112		

Chapter summary	168	Punishment	196
Questions	168	Schedules of reinforcement	197
Spotlight on relevant reading	169	Programmed learning	199
<b>6. Communication</b>	<b>171</b>	Linear programming	199
Learning outcomes	170	Branching	200
Introduction	172	Behaviour modification	200
Ways of communicating	172	Shaping	200
Oral and written communication	172	Modelling	201
Nonverbal communication	172	Organisational behaviour	
Information and communication		modification	202
technology (ICT)	173	Relevance of social learning	
Communication networks	175	theory	206
Communication as transactions	176	Cognitive learning	206
Analysis of transactions	177	Insight learning	207
Communication cycle	178	Latent learning	207
FIDO	178	Skills acquisition	207
Communication barriers	179	Memory	208
Inability to think clearly	179	Short-term memory	209
Encoding difficulties	179	Long-term memory	209
Noise	180	Working memory	210
Selectivity	180	Encode or process	210
The bruised ego	180	Store or retain	212
Environmental factors	180	Retrieval	214
Incomplete feedback	181	Recall	215
Rumour	181	Effects of ageing	217
Communication problems	181	Postscript	218
Improving communication	182	Transfer of learning (training)	218
Team briefing	183	Transfer	218
Storytelling	183	Personal and organisational	
Important communication skills	184	influences	219
Active listening	184	Knowledge management	220
Feedback skills	185	The learning organisation	222
Chapter summary	186	Chapter summary	224
Questions	186	Questions	225
Spotlight on relevant reading	187	Spotlight on relevant reading	225
<b>7. Learning and memory</b>	<b>189</b>	<b>8. Information-processing and</b>	<b>227</b>
Learning outcomes	188	<b>individual decision making</b>	<b>227</b>
Learning	190	Learning outcomes	226
Classical conditioning	190	Information-processing	228
Unconditioned and conditioned		Approaches to information-	
stimuli	190	processing	228
Generalisation	192	Lens model	228
Emotional reactions	192	Cognitive approach	229
Discrimination	193	Process tracing approach	230
Operant conditioning	194	Decision making	232
Reinforcement	194	Decision cycle	233
		Econological model	235

Bounded rationality model	236	Job satisfaction	295
Implicit favourite model	240	Emotion	296
Decision making under conditions of uncertainty	241	Causes of job satisfaction	297
Negotiation	242	Measuring job satisfaction	297
Other issues	244	Consequences of job satisfaction	299
Decision-support systems	248	Job dissatisfaction	301
Individual and organisational influences	249	Organisational commitment	302
Personality and cognitive style	249	Chapter summary	304
Creativity and innovation	253	Questions	305
Chapter summary	261	Spotlight on relevant reading	305
Questions	262		
Spotlight on relevant reading	262		
<b>9. Attitudes, values, job satisfaction, and commitment</b>	<b>265</b>	<b>PART III THE GROUP</b>	
Learning outcomes	264	<b>10. Groups</b>	<b>309</b>
Definition	266	Learning outcomes	308
Values	267	Definition	310
Work ethic	268	Types of groups	310
Business ethics	268	Formal or informal	310
Attitude formation	270	Primary or secondary	310
Functions of attitudes	272	Co-acting	310
Instrumental or adjustive function	272	Counteracting	310
Ego defensive function	272	Reference	311
Expressive function	273	Characteristics of groups	311
Knowledge function	273	Norms	311
Prejudice	273	Cohesiveness	312
Influence of personality, beliefs, and culture	274	Communication and interaction	314
Influence of the group	276	Structural factors	317
Ways of reducing prejudice	276	Group dynamics	323
Attitude change	276	Reasons for joining groups	323
Sources of attitude change	277	Group processes	324
Factors contributing to attitude change	277	Reference groups	324
Balance and consistency	285	Social comparison	325
Consistency theories	285	Co-action and affiliation	329
Attitude measurement	288	Social control	331
Thurstone scale	289	Decision making	332
Likert scale	290	Effective groups	342
Osgood's semantic differential	291	Inter-group behaviour	342
Sociometry	291	Chapter summary	346
Reliability and validity	292	Questions	347
Attitudes and behaviour	292	Spotlight on relevant reading	347
Planned behaviour	292		
Alternative viewpoint	294	<b>11. Teambuilding</b>	<b>349</b>
		Learning outcomes	348
		Definition	350
		Types of teams	350
		Work teams	350
		Management teams	350
		Top management teams	350

Cross-functional teams	351	Hersey–Blanchard situational theory	404
Venture teams	351	Attribution perspective	405
Quality circles	352	Substitutes for leadership	406
Self-managed teams	354	Comment on situational leadership theory	406
Affinity groups	354	Redefinition of leadership	407
Virtual teams	354	Contemporary trends	407
Teambuilding models	355	Transformational leadership	407
Models of group development	355	Other important issues	415
High-performance teams	358	Chapter summary	418
Problems with teambuilding	359	Questions	419
Project teams	360	Spotlight on relevant reading	419
Management team development	361	<b>13. Power, politics, and conflict</b>	<b>421</b>
Dyer's approach	361	Learning outcomes	420
Belbin's approach	362	Definition	422
Team management wheel	367	Power	422
Diversity in teams	368	Bases of power	422
Leadership in teams	369	Other power categories	423
Effective team leadership	369	Applications of French and Raven's power bases	424
Contextual factors	371	Power tactics	426
Comment	372	Reflections on power	429
Chapter summary	372	Politics	431
Questions	373	Causes of political behaviour	432
Spotlight on relevant reading	373	Political techniques or tactics	433
<b>12. Leadership and management style</b>	<b>375</b>	Pros and cons of political behaviour	438
Learning outcomes	374	Ethics in organisational politics	438
Leadership versus management	376	Coping with political behaviour	438
Traits, personal characteristics, and skills	376	Conflict	439
Traits	376	Types of conflict	440
Managerial talent	380	Sources of conflict	442
Skills	381	Use of conflict	444
Behavioural style	381	Management of conflict	444
Styles of leadership	382	Chapter summary	449
Likert's four styles	383	Questions	449
Consideration and initiating structure	384	Spotlight on relevant reading	450
The leadership grid	385	<b>PART IV THE ORGANISATION</b>	
Participative leadership	386	<b>14. Organisational structure and design</b>	<b>453</b>
Macro participation	389	Learning outcomes	452
Contingency theories	390	Definition and common characteristics	454
Leadership continuum	391	Common goals	454
The influence–power continuum	392		
Fiedler's model	394		
A normative model	396		
Leader–member exchange (LMX) theory	401		
Path–goal model	402		

Typology	455	Deal and Kennedy's approach	515
Metaphors	456	Other approaches	517
Formal and informal organisations	456	Changing and developing culture	518
The nature of bureaucratic organisation	457	Participation	519
Weber's ideal bureaucracy	458	Information from others	519
Principles of organisation	460	Symbolic action	519
Structural groupings	464	Comprehensive reward systems	520
Contingency factors	469	Organisational socialisation	521
Environment	469	Some contemporary issues	523
Technology	477	Ethics	523
Strategic choice	482	Customer responsiveness	525
New technology	484	Spirituality	525
Reflections on organisation theory	487	Learning organisation	525
Postmodern organisation	487	Benefits of culture	526
New organisational patterns	488	Effective control	526
Network organisation	489	Normative order	526
Virtual organisation	490	Promotion of innovation	527
Boundaryless organisation	491	Strategy formulation and implementation	528
Outsourcing	491	Employee commitment	528
Downsizing and delayering	493	International comparisons	529
Team structure	495	Cross-cultural studies	530
The flexible firm	495	Cultural diversity: Teams and leadership	533
Just-in-time	497	Convergence or divergence?	534
Lean production systems	498	Comment	535
High-performance systems	498	Chapter summary	536
Corporate governance and new organisational forms	501	Questions	537
Chapter summary	503	Spotlight on relevant reading	537
Questions	504		
Spotlight on relevant reading	504		
<b>15. Organisational culture</b>	<b>507</b>	<b>16. Organisational change and development</b>	<b>539</b>
Learning outcomes	506	Learning outcomes	538
Definition	508	Organisational change	540
Aspects of organisational culture	509	Models of change	540
Rites and ceremonies	509	Planning change	541
Stories	509	Implementing change	545
Symbols	509	Resistance to change	547
Language	510	Controlling resistance to change	549
Types of culture	510	Organisational development	552
Culture versus climate	510	Development techniques and interventions	553
Dominant and sub-cultures	510	Structure, culture, and learning organisation	553
Strong versus weak cultures	511	Task redesign	554
Analysing culture	512	Individual and group emphasis	555
Harrison's four types	512	Overall evaluation of organisational development	561
Ouchi's approach	512		
Peters and Waterman's approach	514
